

Regional and Product-Level Profitability Overview

Sales vs Profit by Region

Western region leads in profit, while Central shows consistent losses — recommend regional strategy review.

Copiers and Phones drive profit; Tables and Bookcases underperform despite high sales

Profitability by Product Line

Profitability Drivers – Deep Dive

Margin vs Discount

Higher discounts correlate with lower profit margins, especially in Furniture — pricing strategy needs review

Profit dips in Q1 and peaks in Q4 — seasonal trends suggest timing promotions for year-end boosts

Monthly Profit Trend – Seasonal Performance Insights

Product and Segment Insights

Top 10 Products by Total Profit

Top products like Copiers and Phones dominate profit — prioritize these in marketing and inventory

Profit Contribution by Customer Segment

Corporate segment contributes most to profit across categories — tailor services to retain high-value clients
